**Subject:** Give Portland a healthy river. Please.

Dear Administrator Gina McCarthy,

With regard to the EPA's draft cleanup plan for the Portland Harbor Superfund Site, I'm writing to ask for the reconsideration of Alternative G with additional dredging in areas of high human use, areas of high ecological value, and areas where there is high risk of recontamination of the river.

We who volunteer with watershed councils to restore and protect the Willamette's tributaries want to see the Willamette itself restored and protected too.

Please give us a restoration plan we can be proud of, and one that will give our children and grandchildren something we have never had: a clean river.

Thank you very much for your time, and for the difficult job you do.

Sincerely,

(b) (6)

Portland, OR 97222
